MINOR VENUE CHANGE

The general meeting in June has had a slight venue change. It is at the Mittagong RSL Club but the room has been changed to the Joadja/Nattai Room temporarily due to renovations in the usual room. To get there you take the lift as usual but turn right as you step out of the lift, go towards Carrington Room, but turn right again, and it is straight ahead. Just look for the Welcome Desk.

2019-2020 MEMBERSHIP BOOK

This annual publication is now available from the Membership Manager, Jim McGrath, at the welcome desk this month. As you check in at the next general meeting pick one up for your reference.

The information in this booklet is confidential particularly in this day of identity theft. Please do not divulge this information or leave it where it may be picked up by others. Most importantly, shred last year's edition before recycling.

COFFEE CLUB

A well-attended morning, 19 members, particularly in view of the exceptionally bleak

weather. The (surprise) Federal Election results was the topic, with everyone having a view. The sealed predictions made 2 months ago, were opened with 5 of the 25 participants selecting the Coalition. The closest with a very accurate estimate was Kevin Ferrari with his guess of Liberal/Nationals 76 which was a more accurate than the national news polls!

Next meeting's topic will be... What will Islamic State do next after their "successful" major disruption of the Sri Lankan community...258 dead and another 500 injured by suicide bombers?

June Coffee Club is Wednesday, 26th June, 10am at the lower pavilion room at Bradman Oval, Bowral.

IMPORTANT: It was resolved after the last coffee club that we should avoid using takeaway cups at coffee club meetings for the sake of the environment. There are three options we would like you to consider:

1. Order your coffee in a standard crockery cup or mug as was our practice previously.
2. Buy a re-useable mug which will be available at the cafe or
3. Buy your own commercial re-useable coffee mug from a commercial supplier.

Your co-operation in implementing this is requested.

SPEAKERS

The club speaker for the June general meeting is John Rigden who has chosen the perfect time to talk to us about "The Mostyn Tompion", and our guest speaker should also be very interesting to hear. It is Pat Fulton with her talk entitled "Turn on the Light, I Can't Hear You". I am sure a lot of members will find this an interesting talk, as it deals with hearing loss, which has significant impact on one in six Australians. Note that Pat has asked for those who use hearing aids to bring in any unused ones for a complimentary check.

July speakers are Gavin McDonald and John Jeremy.

INDUCTIONS

It is great to report that we have three new members joining the club today.

WINTER WEATHER

There are hailstones the size of golf balls hitting the windows here. We've got a hole in one.

Firstly, we welcome Peter Middlebrook who come to us from a life of property managing and development and now would like to spend some time travelling, gardening and sailing with his wife Beverley.

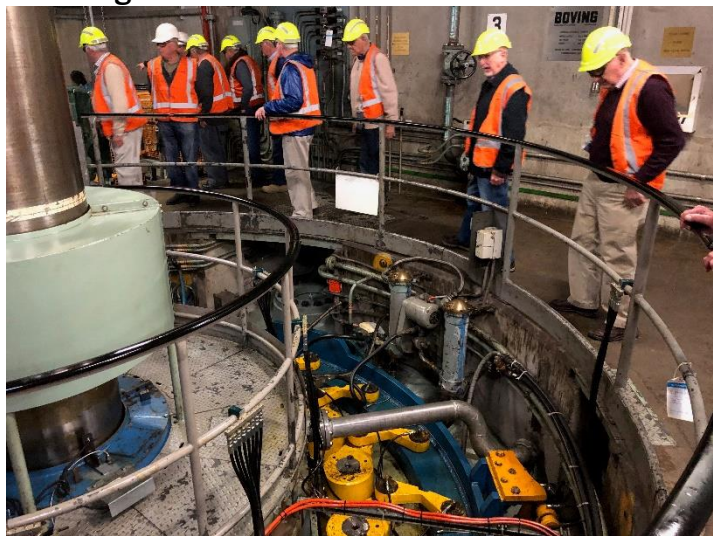

We also have Kaye Lush who is ex-Commonwealth Bank and garage proprietor and an exciting career as an armoured guard in Western Australia. Kaye and his wife Evelyn are settled in Mittagong where he hopes to pursue his interest in classic cars.

Our final new member is Ross Nacey who was a Director of Rail, Cube Logistics and has a long list of interests including rugby as a referee, private flying, cricket, history and literature. Welcome to the club Ross and your wife, Cindy.

Please make yourself known to these new members and welcome them at the meeting.

KANGAROO VALLEY HYDRO SYSTEM

Seventeen members ventured out on this amazing tour in the Kangaroo Valley. As you can see from the photograph the sheer size and planning of this undertaking is awe inspiring. From the inch-thick steel pipes carrying the enormous pressure of water down to the massive turbines. And they anticipate installing another one!
